

A door opens. A child enters. A story begins.

Knowledge develops. Talents grow. Eyes smile. 

Now is the time. This is the way. You are the Key.

David Weekley | David Weekley Homes

David Weekley, the chairman of David Weekley Homes, wanted to enhance people's lives. So he donated the funds to help build the Small Steps Nurturing Center in Houston, Texas — a provider of early childhood education for economically at-risk families and children. It was all done through the Homebuilding Community Foundation (HCF), which gives donors the freedom to decide when, where and how to give. It's the easiest way to help those you care about.
